

WATER COMMITTEE MEETS CHAMBER OF COMMERCE.

The Water Question is Thoroughly Aired in Meeting
Marked by Liberal Debates.

The Water Committee of Town Council and the Board of Directors of the Chamber of Commerce met last evening in the rooms of the latter organization and exchanged views on the water question. The agreement submitted by the committee to the Council is the Water Company was gone over, a few minor changes recommended, and the entire situation reviewed in a thorough and deliberative manner. Speakers admitted were inclined to criticize because there was no real fire oratory, but it was explained that the conference was more of a heart to heart talk between two bodies of men interested in the public welfare and that the matter had not come to a point where the public could be taken further into confidence. The principal "insurgents" were Dr. S. D. Woods and Henry Welke. They flattered about the edges of the meeting as a month has passed around a flame and seemed anxious that they were not asked to express their sentiments regarding the matter.

The fact, however, that the proposition has not yet been accepted by the water company and that neither side contemplated a decisive step at that session, precluded further action. After several members had left the meeting Dr. Woods asked for a statement whether those participating in the conference were unanimously in favor of the new contract providing the borough's proposition was accepted. Those present declined to express their views in public.

"At the proper time the public will be consulted," President James B. Millard of Town Council stated. "Just now we are framing the matter into such shape that we can approve it ourselves."

Both Welke and Woods seemed of the same opinion the Councilmen had no authority to negotiate a new contract.

Minor changes were made in the proposed contract. The clause providing for a maximum charge of \$2.50 per annum for dwellings was revised to make the meaning more clear and in supplying water for public buildings and those used for religious purposes. The Y. M. C. A. was expressly stated in order there could be no dispute.

John Duggan, former Chairman of the Water Committee of Council and a Director of the Chamber of Commerce, advanced the view that the borough can charge the water company for the use of the streets back

to the time the old agreement expired. Duggan believes the rates should be materially reduced. The proposition was discussed regarding leaving the charge for first faucets remain at \$5.10 and securing a reduction on the additional faucets instead. The Water Committee will take this matter under advisement.

It was not until most of the committee had left that Dr. Woods and Mr. Welke got in their words. There were other speakers, but they only in red fire oratory, but it was explained that the conference was more of a heart to heart talk between two bodies of men interested in the public welfare and that the matter had not come to a point where the public could be taken further into confidence. Earl N. Bower Died Yesterday

Earl N. Bower, aged 21 years, and 10 months, died yesterday morning in Nashua, N.H., where he spent the past month for the benefit of his health. F. M. Bower, father of the deceased, received a telegram yesterday afternoon announcing the death of his son. Deceased had been in poor health for some time past and a month ago, accompanied by his mother he left for Nashua, N.H., in hopes of restoring his health. His death was not unexpected. On New Year's day his condition was serious and since that time he gradually grew weaker. He was employed for seven years as clerk in the local post office and when his health improved to full him he secured a three months furlough, which was spent in Twin Falls, Idaho. This trip was made a year ago last fall. At the expiration of his furlough he returned to Connelville and resumed his duties at the post office. He resigned last October. Deceased was one of the most widely known and highly respected young men of Connelville. He was a son of Mr. and Mrs. F. M. Bower and was born in Connelville. He graduated from the local High School in 1902. He was a remarkably bright young man and his untimely death is keenly felt by his wide circle of friends. He was a member of the First Baptist church. In addition to his parents he is survived by one sister, Miss Edna, at home, and one brother, Harry Bower of the West Side. The body will arrive here tomorrow night and the funeral will likely take place Sunday afternoon.

HARRY LUNNEN DEAD.

COME TO THE

WIND-UP OF THE FINAL SALE

of the Entire Stock of Mace & Co., the Big Department Store

Beware of the store that exaggerates and misrepresents.
Beware of the stores that are boisterous, misleading
And continually making fictitious claims.
Beware of the store that does not have the goods marked in plain figures.
Asks one price and sells for another.

We have often changed about our counters and shelving; also moved about a partition or two and very often washed the windows of our store. We really never considered our goods in any danger of destruction while the work was being done, and of no annoyance to our patrons. Business went on just the same and plenty of it. Because the prices were right and the goods dependable.

Come to the Big Store where three people don't make a crowd.

Come to the store where you always find the goods as advertised.

The whole question with us now is: How quick can we dispose of the goods.

No matter how little a price it will bring.

In many instances your 15c, 25c and 35c will buy a dollar's worth of goods.

STEEL CONSOLIDATION
AND COKE DISINTEGRATION.

It is currently reported that there has been a serious disagreement among the officials of the United States Steel Corporation concerning the policy of the company as to prices and wages. It has been the aim of this giant corporation to maintain prices at a steady level of reasonable profit, to regulate production to consumption and to pay the best possible wages to labor.

Experience has shown that the greatest cause of the iron and steel trades in the past has been their close relationship. In the old days of individual competition, the manufacturers, their workmen and the towns in which these industries dominated were either rising in classes or walking on their knees. The Steel Corporation's policy has in a large degree retarded this evil, but it remains a correct one. The last report of the Steel Corporation indicates quite clearly that it cannot reduce prices, pay present wages and make its dividend requirements. To reduce wages during the present period of high living costs would be a hardship upon the workmen, and the Steel Corporation has least sense in doing so.

The worst sufferers under present industrial conditions are the Connelville coke operators. They are selling their coke down to \$1.00 and lower, and are paying a wage based on \$3.00 coke. They advanced wages 10% at the close of 1909 with the full expectation of getting \$4.00 for their coke. The price was then \$2.50. The peculiar part about this is that the operators were rather compelled to pay this advance because of the fact that the United States Steel Corporation set the example. The Steel Corporation could better afford to pay higher wages than the coke operators.

In a measure the condition of the merchant coke operators of Connelville is of their own making, and in another sense it is not. To meet conditions as they have come to be under industrial evolution they should effect some sort of a combination that will effectively regulate production and price. They indicated a willingness to do this in the summer of 1909, when a merger was in a fair way of formation. The plan failed chiefly because a boom in coke appeared and many of the operators repudiated their agreement to sell deliberately undervalued the underwriting of the merger by demanding cash and refusing to take any of the securities of the proposed corporation.

It is probable that many of the operators have since repudiated of this action, but the repudiation came too late. The merger was dead. In view of recent judicial decisions, the present proposed remedy is too vulnerable to be a reasonable hope. What the situation needs is the formation of a big corporation on legitimate lines which will take over the merchant coke plants without any strings attached, or a selling agency separate and apart from the manufacturers and strong enough to hold the market against ruinous competition. Until one of these things is accomplished, the merchant coke business must continue to be unprofitable during periods of depression.

The making of a merger involves a large amount of work and worry, patience and money. We frankly confess that we see no present hope of making one. The next best thing is some understanding concerning prices, but in arriving at this understanding the utmost care will be necessary to avoid running counter to the Sherman anti-trust law.

The Connelville merchant coke business is badly in need of regulation and conservation. To the end that its labor may continue to be well paid and its capital to receive a fair return on its investment.

THE CASE OF THE WESTMORELAND DEPUTIES.
The precise lawful status of the strike deputy has never been determined, but through a quarrel among the Westmoreland county officials there is likely to be a judicial decision which may shed much light upon it.

A great many deputies were employed by the coal operators during the recent long strike, and it seems that Sheriff Shields made contracts with some of the operators to furnish them with deputies at a specified price per day, by hiring the best available and pocketing the profit. Presumably there was a profit, as the County Controller felt so certain about it that he demanded that the Sheriff account to the county.

Upon the preliminary hearing of the matter, the Sheriff claimed that the deputies were hired under private contract in no wise relating to his office other than that the men signed a bond to keep the peace. The Controller, on the other hand, contended that the men were sworn in as deputy sheriffs, and were consequently working for

the county, and any profit on their employment belonged to the county. It is difficult to see how the deputies could be regarded as private watchmen when they were deputized to act as representatives of the Sheriff and were actually paid by him for their work. They exercised at all times the powers of an under-Sheriff, being clothed with that authority by the Sheriff himself.

It is the duty of the county generally and the Sheriff specifically to keep the peace and preserve the personal and property rights of the citizen inviolate. That is what the citizen pays taxes for. He contributes to the support of government in return for this guarantee. The Westmoreland coal companies are heavy taxpayers. They were entitled to protection at the hands of the county, and the county should have furnished that protection at its own cost.

The operators, however, offered to pay the cost, and it now seems that they were compelled to pay more than cost, and that certain county officials are quarreling over the possession of the profits of duty undone. As a matter of simple justice and common honesty, we would suggest that the profits on the cost of the Westmoreland deputies be returned to the Westmoreland coal operators whence it came and where it rightfully belongs.

The Schenk case created a boom around the Wheeling news bureau.

The murder of Frank Ringle remains unchanged. The efforts of justice up to date have resulted in the arrest of Louis Gruber and the entering of a charge of \$50,000 against one of the attorneys for the prosecution.

The Tariff Commission idea is gaining in favor.

The Water Wagon has taken on a few and spilled a number since it left the Cross Roads on New Year's Day.

The mining strikes in old England are not more orderly than some of our own.

Wu Ting Pang will cut off his ear, but he will have to cut it off. He fathered the movement to persuade the Chinese Emperor to ban the opium, granting this privilege to his subjects.

The Black Hand is reported to be around here again. There is one who has been talking to much, but there are others.

Some of Connelville's somewhat spectacular sky pilots seem to have been making a statement which they cannot substantiate. Woman is usually accused of talking too much, but there are others.

Special Sale of Furs

One Lot of Odd Scarfs to Be Closed Out at From 50% to 75% Off the Regular Prices.

Odd lot we call them because of no muffs to match. A good time to finish your set at a small outlay for such low prices, as these seldom occur. The lot includes Jap Mink, Black Lynx, Blue Lynx, Blended Squirrel, Grey Squirrel, Persian Lamb, Fox, Wolf, etc., in a wide variety of styles. These are now on display in our window, each piece being plainly ticketed. Look them over and take your choice while choosing is good.

Coat and Suit Sale Continues

If you've a want in this line see to it now. While the reduction in price is a big inducement, the real merit of the garments themselves is even more so. Years of experience has taught us how to buy and where to buy, and if you have ever worn one of our coats or suits, you were surely impressed with the style, the honest workmanship and the number of seasons it gave you service. While every day sees the stock diminish we are still showing a good assortment of styles and fabrics to choose from, but don't put off buying too long as the best numbers always go first.

Children's Coats Reduced

Now, one-fourth off. Made of good quality worsteds and caraculs in black, brown, tan, blue, navy, green, red, grey, etc. They are well lined and made plain or with fancy buttons, or cuffs and collars of contrasting colors. Ages from 3 years up.

Children's Dresses Reduced

One lot of these slightly soiled. Made of lawn, nainsook, madras, etc., in very pretty and attractive styles. They are daintily trimmed with laces, embroidered, flouncings, rows and clusters of tucks and beaded ribbon effects. Ages from 1 to 6 years and priced at 40c to \$2.50.

New Kimono Crepes

Several pieces of serpentine crepe in the new spring designs and colors, just in time for early spring wearing. Shown in large floral and conventional designs, stripes, Japanese, etc., and priced per yard 18c.

Remnants of Linoleum

One lot of these in odd lengths of from four to ten square yards to the piece, in which many good patterns are shown. The regular price of these is 50c per square yard, closing out price is 40c.

February Delineator Patterns

Are now here. Also Butterick Fashions at 25c a copy. This magazine includes a coupon good for any pattern. This brings the cost down to 10c. On sale at Pattern Counter rear of store.

After the Rush
Now Is the Great Closing
Out Time.

The Union Supply stores are offering now great reductions on all lines of women's and misses' goods, consisting of ready-made suits, wraps, skirts, shirt waists, etc. There are great big lines of fashionable medium priced goods, and starting this day, there will be a great reduction on all of them. If you have not yet secured your winter outfit, it is a good time now to do so; it is a money-saving time for you, as the goods must be sold, and we recommend that you come early. We have just completed our inventory, and every article has been marked down to such a low price that they cannot last long.

There Are Great Reductions
in the Shoe Department.

Our shoe stocks, we find after inventory, are entirely too heavy, and we are going to make one strenuous effort to reduce them. Reducing the price, it is to our notion, the best way of reducing the stocks. Therefore, every pair of shoes has been given over carefully and marked down; in some instances fully 2-1/2 less than the original price. We defy any competition to show a better line of shoes, for men, women, boys and girls than the Union Supply Company stores have on 724 and 11-15c. They are all made according to our own specifications; every pair guaranteed to us by the makers, and we in turn, guarantee them to our customers. If not satisfactory, a new pair awaits you or we will refund your money, if you prefer.

THE SOISSON.

"The Monte Carlo Girls" are to play at the Soisson theatre Friday night, January 13, and they will present an entire new show in which no expense has been spared to make it the best—pretty girls will predominate. The costumes for this season has cost the management a good round sum so the patrons and friends of the "Monte Carlo Girls" will be sure to get a run for their money. Two brand new ballets have been written to fit the different members of the cast, among them our old time favorite comedienne, Golden Collins, whom all lovers of good burlesque know. The other comedienne in the country have nothing on them for comedy and with the others of the company will endeavor to amuse all those who attend and give the boys a run for their money. Extra, La Neta, the original girl in red. Seats now on sale at theatre box office.

George Sidney.
"The Joy Rider" is an appealing title for fun lovers. There is the suggestion of laughter in its sound, and George Sidney a (they say) "The Joy Rider" is said to possess that peculiar quality of humor extravagant and given only the best of dramatic framing, that challenges all efforts at restraint of the ribbler. In its beautiful background of scenic allures, its pictorial display of artistic costumes its remarkably generous exhibition of rich accessories, its deliciously amusing comedienne and great troupe of strikingly handsome girls, (petrels and chorus of the tender sex all being abundantly endowed with grace and charm), it is to be enjoyed by even the most blasé of theatregoers, as but few of the so-called musical comedians are to be enjoyed, even though one admits a recognition of their play and yields all arguments to a reckless intoxication of the sense. "The Joy Rider" will be at the Soisson theatre Monday night, Jan. 16. Seat sale opens Friday at the theatre. "The Girl in the Taxi" which comes to the Soisson theatre Wednesday evening, January 18, has all efforts at restraint that is filled with interest and laughter from start to finish. The manner in which Bertie Stewart, the youth who is "dining out" with a young lady for the first time, managed to buy a fifty dollar supper with but ten dollars in his pocket is one of the most original conceits in this rapid-fire importation from Paris. It might be mentioned that Bertie raised the ten dollars by passing his father's suit of clothes. The sale of seats opens at the box office Monday, January 16. Both phones.

TABERNACLE SERVICES

More Men Than Women at Evangelistic Meeting Last Night.

Those who say that men do not attend religious meetings in these days should have attended the evangelistic meeting last evening when fully one-half of the audience that filled the tabernacle were men. The two central sections were reserved for them and were completely filled. The majority was of a character that revealed to a large extent the results that resulted to a large extent the results that were being accomplished by the evangelists. After a lively song service, Evangelist Davis asked the audience to tell of any particular hymn that had brought a blessing to them at some time in their lives. "God Will Take Care of You," "Jesus, Savior, Pilot Me," "I Have a Home," and others were among the large number of hymns which found favor with the audience. Evangelist Davis had the audience tell of any good reports concerning the meetings and a large number spoke.

Evangelist Davis asked all the railroad men in the audience to hold up their hands and there was a large showing of hands. "God bless you, I like railroad people. They are out and out on one side or the other," said the evangelist. A telephone has been installed in the tabernacle so that railroad men who desire to be called can attend the meetings. Mr. Mills' son was "Winged and Pinned Wanting."

The subject of the evangelist's sermon was "The Poor Rich Man and the Rich Poor Man," the speaker basing his remarks on the story of the fool rich man and Lazarus.

In closing the evangelist gave several instances of the death bed experience of men who had received a foretaste of hell on their death bed. His in time in the audience found their desire to bring the Christian life to the front and give their testimony. Several hundred responded to the invitation and a large number testified of their conversion in the meetings.

Others for the first time expressed their desire to bring the Christian life to the front and give their testimony. A few characteristic testimonies are as follows:

"I resigned my position paying me \$25 a month in order to attend these meetings and three weeks ago I was converted."

"As long as I am able to walk I will wait for God any time, any where, and with any body."

"I took my stand for Christ last Friday night."

"I've taken my stand for Christ last night and I am going to keep it."

"I took my stand last night and I am going to keep it."

In closing a large number of men came to the choir platform and sang a number of hymns. The morning prayer meeting at the tabernacle and the business meeting at the Y. M. C. A. were well attended, and were exceedingly helpful services.

The afternoon Evangelist Davis gave a Bible study at the tabernacle which perhaps was as interesting and helpful as the morning service in any service that has been held. The subject was "The Work of the Holy Spirit" and the evangelist answered many perplexing questions to the satisfaction of the audience.

"I took my stand for Christ last Friday night."

load men who desire to be called can attend the meetings. Mr. Mills' son was "Winged and Pinned Wanting."

The subject of the evangelist's sermon was "The Poor Rich Man and the Rich Poor Man," the speaker basing his remarks on the story of the fool rich man and Lazarus.

In closing the evangelist gave several instances of the death bed experience of men who had received a foretaste of hell on their death bed. His in time in the audience found their desire to bring the Christian life to the front and give their testimony. Several hundred responded to the invitation and a large number testified of their conversion in the meetings.

Others for the first time expressed their desire to bring the Christian life to the front and give their testimony. A few characteristic testimonies are as follows:

"I resigned my position paying me \$25 a month in order to attend these meetings and three weeks ago I was converted."

"As long as I am able to walk I will wait for God any time, any where, and with any body."

"I took my stand for Christ last Friday night."

Our Annual January Clearance Sale

Is Your Great Opportunity.

You know our policy. You know that when January comes orders are given our Fall and Winter Suits and Overcoats to vacate the premises. The best clothes we have will go right into this sale—nothing will be reserved. Prices are reduced fully one-fourth, one-third and in some cases one-half.

A threefold reason compels us to put more vim and enthusiasm into this sale than any that have preceded it.

FIRST.—A well defined policy consistently followed for many years requires us to dispose of our surplus stock at the close of each season.

SECOND.—This store has just closed the most successful year in its history. But while the sale of Overcoats was phenomenal the sale of Suits was not so large. In consequence there is unusually choice picking from our High Class stock of such Suits as the Adler-Rochester, Stein-Bloch Co., Hackett, Carhart & Co., A. B. Kirschbaum & Co., and L. Black Co.

THIRD.—We expected to occupy our new location in the Title & Trust Building the first of March and to meet the demands of a rapidly growing and expanding business we placed large orders for merchandise for the coming Spring season. Since it now seems probable that we will not get into our large quarters until a later date we are confronted with the necessity of clearing out our present stock to make room for the new Spring goods.

Consequently we have put profit out of consideration. One purpose animates us and that is to turn the largest amount of merchandise into cash in the shortest possible time.

Absolutely nothing is reserved. Every suit is marked down. Every Overcoat has a reduced price. All cloth Rain Coats are included in the sweeping reductions.

Note the items below and then you can form some idea of the size of our reductions:

Every Adler-Rochester, Stein-Bloch and Hackett, Carhart Suit and Overcoat that sells regularly at \$25, \$28 and \$30, reduced to **\$17.50**

Every Adler-Rochester, Hackett, Carhart and Kirschbaum Suit and Overcoat that sells regularly at \$20.00 and \$22.50 is reduced to **\$15.00**

Every Adler-Rochester, Kirschbaum and L. Black Co. Suit and Overcoat that sells at \$16.50 and \$18 reduced to **\$12.50**

Every Kirschbaum and L. Black Co. Suit and Overcoat that sells regularly at **\$10.00**

100 Suits in sizes ranging from 33 to 38 mostly smaller sizes, are marked down **ONE-HALF** during this sale. You'll miss a great opportunity if you fail to see what \$5, \$7.50, \$9 and \$10 will buy.

Twenty Suits at \$4.75

20 Suits in sizes 33, 34, 35 and 36 are offered at the ridiculously low price of \$4.75. Former price, was \$10, \$12 and \$15.

A GREAT SHIRT SALE

We've gone through our Shirt stock and picked out a large quantity of Dress Shirts in all qualities and sizes upon which we have made radical price reductions.

\$2.00 Shirts Marked Down to **\$1.45**
\$1.50 Shirts Marked Down to **\$1.19**
\$1.00 Shirts Marked Down to **85c**
50c Shirts Marked Down to **35c**

Twenty dozen pairs Men's 15c Hose reduced to 10c, 3 pairs 25c.
Fifty cent Hose reduced to 25c the pair.
Some choice bargains in Underwear.

For the next two weeks an opportunity is yours such as seldom comes to replenish your wardrobe at a saving of many dollars on your purchase.

Come to see what we are offering, for only a personal examination can give you a clear understanding of this great money saving event.

IRON IN THE BLOOD

is an essential element to health. When it is deficient or lacking, there is a dearth of red blood corpuscles, which causes anaemia and a run-down condition of the entire system, with consequent bodily weakness.

In order to restore the blood to a healthy condition, iron must be supplied in an easily assimilated form. We guarantee this may be done by Vinol, our delicious cod liver and iron tonic, made without oil.

This combination of two world-famous tonics, restores to the blood the elements lacking to make rich, red blood, which imparts strength and vitality to every organ in the body.

J. Edmund Miller, of New Haven, Conn., says their little girl had been frail and sickly ever since her birth. Vinol was recommended and they tried it, and immediately noticed an improvement in her condition. They continued its use and it built her up, until they cannot recommend it too highly to build up a weakened system." Graham & Company, Drugists, Connellsville, Pa.

COKERS PLAY AT JOHNSTOWN TONIGHT

They Were Idle Yesterday and Got Badly Needed Rest for Hard Game.

JORDAN'S RELEASE DISCUSSED

Most Fans Feel Clever Youngster Was Not Given a Fair Trial and Believe He Should Have Been Retained. Some Faults Develop.

Score Last Night, South Side 25, Homestead 20.

Club Standing, South Side 25, Homestead 20, McKeesport 19, Johnstown 18, Homestead 10, Conneltsville 11, Fairtown 11.

Games Tonight, Conneltsville at Johnstown, McKeesport at Fairtown.

The Cokers were idle yesterday and for a much needed rest prior to the game tonight at Johnstown. The Jaws always make the Cokers go some but tonight Kummer's men will do their best to show the fans they can win a game on the road now and then.

Coker fans are discussing the Jordan release. The consensus of opinion seems to be that he did not get a fair trial here. Jordan can shoot; he demonstrated that in practice. He is fast on his feet and promised to develop into a fast player. During the time he wore the orange he had probably half an hour's real work in league games. Tutelage of this kind will never develop a player.

Jordan gave every indication of developing into a player who could hold his own in the Central League. Johnstown hasn't hesitated to give new players a trial. Neither has Uniontown, or any other team in the league save McKeesport and South Side, which did not need to. The Cokers have permitted their utility men to grow stale from inactivity.

BREAKS A COLD IN A FEW HOURS.

Proves Quinine is Never Effective in the Cure of a Severe Cold or the Grippe.

Nothing else that you can take will break your cold or end grippe so promptly as a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

The most inebriable neuralgia pains, headache, dizziness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress begin to leave after the very first dose.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless Compound, as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

Proves Quinine is Never Effective in the Cure of a Severe Cold or the Grippe.

Nothing else that you can take will break your cold or end grippe so promptly as a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

The most inebriable neuralgia pains, headache, dizziness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress begin to leave after the very first dose.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars, and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless Compound, as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pape's Cold Compound, which any druggist in the world can supply.

Bewitching Spring Ginghams

What wonderful possibilities for charming dresses there are in those bolts of fine summer ginghams. That is that thought of many a woman as her eyes take in the fine harvest of cottons shown in the Dress Goods Section. Below we list standard makes and desire to impress the difference between them and inferior, unreliable stuffs that cost less but sell for the same money in other stores.
